Make sure you have a Gold and
Fish Pamphlet and know the rules
are!

This is your LICENSE for the State
of Washington. You MUST have
one to Prospect in the State of
Washington!

The Gold and Fish Pamphlet
describes the rules for panning
and sluicing in Washington State
waters. You will also want to
know where and how the use of
motorized equipment is allowed.

BEDROCK PROSPECTOR CLUB

Fun For The Whole Family.

Check Us Out!

www.bedrockprospectors.com

What is

Bedrock Prospectors Club?

We are fun for the whole family. With Saturday Night Potlucks, campfires, games and getting out in the fresh air and clean water streams. Away from TV, Phones and Game systems.

We are a club that advocates education and our heritage in prospecting. Helping in the creating and protecting of our mining laws. Learning how we prospect today and how that differs from the past.

Getting together with people that all have similar interests. Making new friends and enjoying a fun and exciting time.

Why Join

Bedrock Prospectors?

DID YOU KNOW THAT YOU NEED A PAMPHLET FROM THE STATE TO PROSPECT?

It is the Washington State Gold and Fish Pamphlet

(see back page for phone# to get yours)

If you don't know how to prospect, you need experienced people to teach you where, how and what to look for.

Teaching you the laws and how to use them. YES, WE HAVE RULES AND SEASONS!

For those who know how and when to prospect, we have several claims that you can work on.

When or How Can You Join Bedrock Prospectors ?

Everyone is welcome to attend our meetings. Call one of our board members, check us out on line, or see us on the claims or around town.

You'll find, we love talking about prospecting and showing off our gold and equipment.

You will find all information needed on this flyer to get you started, why wait?

Hope to see you soon.....
